

WORLD CONGRESS ON VACCINES & IMMUNOLOGY

HYBRID EVENT

JUNE 18-19, 2026

PARIS, FRANCE

Innovations in Vaccine, Advancing
Global Immunity for a Healthier Future

Organized by

Vartus Group Ltd

About WCVI 2026

The World Congress on Vaccines & Immunology is a premier global platform bringing together leading scientists, researchers, healthcare professionals, policymakers, industry experts, and innovators from around the world to discuss cutting-edge advances in vaccines and immunology. This prestigious congress aims to strengthen global health by showcasing breakthrough vaccine technologies, immunotherapeutics, public health strategies, and emerging research focused on preventing infectious diseases and improving immune protection. The conference focuses on next-generation vaccine development, mRNA technology, viral vectors, adjuvants, immune therapies, AI-driven epidemiology, and global immunization strategies.
